#### **AUSTRALIAN OFFICE OF FINANCIAL MANAGEMENT TENDER SYSTEM**

#### **CONDITIONS OF OPERATION**

##### **SYSTEM DESCRIPTION**

The Australian Office of Financial Management Tender System (Tender System) is the system used by the Australian Office of Financial Management (AOFM) to conduct tenders for the issue of Commonwealth Inscribed Stock. The Tender System is accessed via the Yieldbroker DEBTS System.

Bids for Commonwealth Inscribed Stock offered for sale via the Tender System may only be submitted by parties that are registered with the AOFM (Registered Bidders) and who are Dealers in the Yieldbroker DEBTS System.

##### **THE CONDITIONS OF OPERATION**

These Conditions of Operation set out the rights and obligations of the AOFM and Registered Bidders in relation to the Tender System and important details concerning operation of the system. This compilation of the Conditions of Operation is effective from 2 March 2009 and remains in force until any subsequent modification or amendment of the Conditions of Operation comes into force.

The Conditions of Operation are intended to form part of the contract between the AOFM and Registered Bidders. Rather than each party signing the Conditions of Operation and any variations, each Registered Bidder signs a Registered Bidder Agreement with the AOFM, and the Registered Bidder Agreement incorporates these Conditions of Operation.

The Conditions of Operation should be read in conjunction with the Information Memoranda for Commonwealth Inscribed Stock, the Registered Bidder Agreement, any other relevant notices or information published by the AOFM, and agreements between Registered Bidders and Yieldbroker. However, in the event of any inconsistency between any of these documents, these Conditions of Operation will take precedence to the extent of the inconsistency, and next in precedence will be the Registered Bidder Agreement.

No officer, employee or agent of the AOFM has any authority to make representations or give warranties which are inconsistent with or differ from the information contained in these Conditions of Operation.

## 2. EFFECT OF CONDITIONS OF OPERATION

### 2.1. PARTIES BOUND BY CONDITIONS OF OPERATION

Both parties acknowledge that they are bound to comply with these Conditions of Operation and to fulfil and perform every obligation and duty imposed on them by or pursuant to these Conditions of Operation. Each Registered Bidder acknowledges that the use by them (in any capacity) of the Tender System constitutes acceptance of these Conditions of Operation.

### 2.2. CHANGES TO THE CONDITIONS OF OPERATION

The AOFM may make additions, modifications or amendments to these Conditions of Operation without the consent of Registered Bidders. Any such addition, modification or amendment will be notified by the AOFM to each Registered Bidder and shall come into force one month after such notification unless an earlier or later date be fixed at the time by the AOFM, and shall have no force or effect before the date of such coming into force. If a date earlier than one month after notification is fixed, it may not be less than ten business days after such notification unless the affected Registered Bidders agree to a lesser period.

A Registered Bidder utilising the Tender System on or after the time for the modified Conditions of Operation coming into effect shall be conclusive proof of the Registered Bidder's acceptance of the modified Conditions of Operation. However, a Registered Bidder may exercise its right to resign as a Registered Bidder under clause 4.1 at any time upon notification that the AOFM intends to make a modification or amendment to the Conditions of Operation.

### **3. REGISTERED BIDDERS – REGISTRATION PROCESS**

#### **3.1. REGISTRATION APPLICATIONS**

Applications to become a Registered Bidder shall be made in the form specified for that purpose in the Appendix of the Conditions of Operation and all applicants shall comply with all the conditions of application as are specified in the Conditions of Operation and promptly supply such specified or additional information as the AOFM may reasonably require.

#### **3.2. CONDITIONS OF APPLICATION**

An applicant to become a Registered Bidder must be a Dealer in the Yieldbroker DEBTS System.

An applicant shall provide such information as the AOFM shall from time to time reasonably require and shall notify the AOFM immediately it becomes aware of changes in the Registration details set out in its application form.

In determining whether to approve an applicant for admission to become a Registered Bidder, the AOFM shall be entitled to consider the business integrity, financial probity and operational capacity of the applicant.

#### **3.3. ACCEPTANCE AND SPECIAL CONDITIONS**

An applicant accepted as a Registered Bidder shall be notified by the AOFM and any such notice may specify special conditions attached to the registration.

#### **3.4. REGISTRATION FEES**

There are no up-front or ongoing fees associated with registering as a bidder. However, access to the Tender System is via Yieldbroker DEBTS System and Registered Bidders are

responsible for the payment of any fees and other costs associated with their use of the Yieldbroker DEBTS System.

#### 3.5. REGISTERED BIDDER AGREEMENT

Promptly after being notified by the AOFM of a successful Registered Bidder application, each applicant shall enter into a Registered Bidder Agreement.

The AOFM may at any time on one business days' notice terminate any Registered Bidder Agreement without providing any reasons, and in such event shall notify the Registered Bidder accordingly.

### 4. REGISTERED BIDDERS – RESIGNATION AND SUSPENSION

#### 4.1. RESIGNATION

A Registered Bidder may resign as a Registered Bidder by giving notice in writing to the AOFM.

#### 4.2. SUSPENSION

In addition to the AOFM's rights under clause 3.5, any Registered Bidder who fails to comply with any provision of the Conditions of Operation in a material way or who has acted (or the AOFM reasonably anticipates is likely to act) in a manner regarded by the AOFM as contrary to the interests of the effective tendering of Commonwealth Inscribed Stock may be suspended by the AOFM for such period as the AOFM considers appropriate under the circumstances. To give effect to the suspension, the AOFM will block the Registered Bidder's access to the Tender System thus preventing the suspended Registered Bidder from lodging new bids, and the AOFM will also remove any bids by the Registered Bidder in respect of tenders for which the closing time has not passed.

#### 4.3. NO REDUCTION IN RESPONSIBILITIES

Termination, resignation or suspension shall not in any way prejudice, lessen or affect the rights, duties, liabilities and obligations of a Registered Bidder or AOFM whether under the Conditions of Operation or otherwise accrued and existing at the time of such termination or cessation or suspension or which arise,

accrue or crystallise thereafter out of or by reason of facts or circumstances occurring or in existence at or before such time.

## **5. REGISTERED BIDDERS – RIGHTS AND OBLIGATIONS**

### **5.1. SOURCE OF DUTIES AND OBLIGATIONS**

A Registered Bidder shall be bound by and must perform, observe and comply with all liabilities, duties and obligations imposed upon such a Registered Bidder by or pursuant to the Conditions of Operation and the Registered Bidder Agreement.

### **5.2. YIELDBROKER DEBTS SYSTEM**

Each Registered Bidder must be a Dealer in the Yieldbroker DEBTS System and a party to agreements with Yieldbroker governing the use of the Yieldbroker DEBTS System. Without limitation to the AOFM's rights under these Conditions of Operation, each Registered Bidder acknowledges that a failure by it to maintain a current Yieldbroker General Participation Deed will be sufficient grounds for the AOFM to exercise its rights under clauses 4.2 (Suspension) or 3.5 (Termination) or both.

### **5.3. TRADERS**

Each Registered Bidder shall establish with the AOFM a list of Traders (List) by applying to the relevant group(s) within the Yieldbroker DEBTS System and may from time to time apply to add or remove Traders from the List. The persons named in a current List shall be the only persons authorised by such a Registered Bidder to lodge bids in the Tender System for the Registered Bidder.

Subject to these Conditions of Operation and the Information Memoranda for Commonwealth Inscribed Stock, a bid lodged in the Tender System by a person named in a current List will be regarded as a valid bid by the Registered Bidder in question.

It is the responsibility of the Registered Bidder to ensure that the List is current and up-to-date, and each Registered Bidder represents to the AOFM that each person on its List is the agent of, or is otherwise authorised to act on behalf of, the Registered Bidder.

#### 5.4. CONFIDENTIALITY

The AOFM will not, except:

- (a) as required by law;
- (b) in connection with any relevant judicial or administrative proceedings;
- (c) in response to a request from the responsible Minister or a House or Committee of the Commonwealth Parliament;
- (d) to AOFM's personnel solely in order to comply with obligations, or to exercise rights, under these Conditions of Operation;
- (e) to AOFM's internal management personnel, solely to enable effective management or auditing of the Tender System;
- (f) to the Reserve Bank of Australia, solely to enable effective management of the Tender System or in its role as settlement agent of the AOFM;
- (g) as otherwise authorised by these Conditions of Operation; or
- (h) with the consent of the Registered Bidder concerned;

divulge to third parties not otherwise entitled to receive the same, any information concerning a Registered Bidder's use of the Tender System.

If the AOFM is compelled by law or proposes in connection with any relevant judicial or administrative proceeding to divulge any such information, the AOFM must prior to such divulgence inform the Registered Bidder concerned. The AOFM will be under no obligation to take any steps to defend or resist any such compulsion or proceedings.

## 6. TENDER BIDDING

### 6.1. ESTABLISHMENT OF TENDER DETAILS

The AOFM will offer Commonwealth Inscribed Stock for sale by tender. The AOFM will enter into the Tender System details of each tender which have been announced by AOFM.

Registered Bidders that are not currently suspended under clause 4.2 may bid in the Tender System for Commonwealth Inscribed Stock that is offered for sale by tender.

## 6.3. BID ENTRY

A bid made under clause 6.2 will be governed by, and must comply in all respects with, the terms and conditions of the applicable Information Memorandum and the details contained in the official announcement of the tender, including without limitation conditions relating to yield, minimum face value of the bid and multiples thereof, and tender closure.

A bid which has been committed within the Tender System may be altered or revoked prior to elapse of the time announced for the closure of the tender according to the clock in the Tender System.

A bid which has been committed within the Tender System cannot be altered or revoked after the time announced for the closure of the tender has elapsed according to the clock in the Tender System.

A Registered Bidder may not commit a bid in the Tender System after the time announced for the closure of the tender has elapsed according to the clock in the Tender System.

## 6.4. BID ENTRY BY AOFM ON BEHALF OF REGISTERED BIDDERS

In certain circumstances, including but not limited to Tender System application failure, a Registered Bidder may request the AOFM to enter bids in the Tender System on behalf of the Registered Bidder. Any such request will be actioned at the AOFM's discretion and the AOFM makes no guarantee that the request will be acted upon free of errors or prior to the close of bidding. The Registered Bidder bears the consequences of any such requests.

## 6.5. COMMITTED BIDS

A committed bid that has not been revoked prior to tender closure will constitute an irrevocable promise by the Registered Bidder making the bid to accept Commonwealth Inscribed Stock in the amount bid for (or any lesser amount that may be allotted in accordance with the terms of the applicable Information Memorandum) and subject to the bid terms specified in the applicable Information Memorandum.

Without limiting the generality of any other provision in these Conditions of Operation relating to the rights and obligations of the AOFM, it is the responsibility of each Registered Bidder to ensure that bids are recorded in the Tender System accurately and are committed prior to tender closure.

## **7. SETTLEMENT ARRANGEMENTS**

### **7.1. SETTLEMENT SYSTEM**

A Registered Bidder shall settle a successful bid for Commonwealth Inscribed Stock as set out in the applicable Information Memorandum and in accordance with the rules governing the Settlement System.

## **8. AOFM LIABILITY**

### **8.1. LIMITATION OF LIABILITY**

Save where the AOFM, its officers, employees or agents, is negligent or fraudulent, the AOFM and the Reserve Bank of Australia in its capacity as settlement agent for the AOFM, will not be liable for any loss to any Registered Bidder howsoever arising whether direct or consequential (including but not limited to loss of profits) or damage to persons or property arising out of:

For the purposes of these Conditions of Operation all inter-related events which give rise to the AOFM's liability under the Conditions of Operation or otherwise will be treated as one event.

In the event of any two or more Registered Bidders suffering losses which exceed the total aggregate limit of \$500,000 (five hundred thousand Australian dollars), the liability of the AOFM to each of those Registered Bidders in accordance with these Conditions of Operation will be proportional to the total loss suffered by all of those Registered Bidders and in total will not exceed the liability cap.
